Re: 2018 Spring Election Period

February 1st, 2018

After discussions with the current presidential candidates, it has been agreed upon that there will be seven (7) successful Science Councillors. Students will be permitted to vote for seven (7) candidates. The following is a written confirmation that the current presidential candidates will forfeit their voting rights to a seventh councillor:

We, Frank Ye and Graeden Middel do agree in the case that we are elected, we will give up our vote on council to the 7th place candidate in the USC Science Councillor election. We will keep the speaking rights and act as an elected resource member.

Frank Ye

Graeden Middel

01/02/2018
